

## ISHR Clinical Research, Screen 2

S.No	Abs ID	Abstract Title	Presenter Name	Day and Screen No
1	3	Acute coronary syndrome in a tertiary care setting: clinical characteristics, inflammatory profiles and determinants of cardiogenic shock	Ankur Mittal	10.05.2026 and Screen 2
2	4	One-Year Outcomes of Long Drug-Eluting Stents for Diffuse Coronary Artery Disease	Dr. Sai Karthik Kowtarapu	10.05.2026 and Screen 2
3	5	Incidence And Predictive Factors for Development of ADHD Post Congenital Heart Disease Surgery - A Single Tertiary Centre Experience from India	Dr. Akriti Gera	10.05.2026 and Screen 2
4	9	Quadruple VALVE ENDOCARDITIS – A HIT AND RUN PHENOMENON	M Ananthakrishna	10.05.2026 and Screen 2
5	10	COMPLEX CTO RECANALISATION WITH INTRA-STURDS APPORACH TO RECANALISE THROUGH A STRETCHED STENT	M Ananthakrishna	10.05.2026 and Screen 2
6		POST-CARDIAC INJURY SYNDROME PRESENTING AS PLEUROPERICARDITIS AFTER PERMANENT PACEMAKER IMPLANTATION IN AN ELDERLY FEMALE	Aditya Aggarwal	10.05.2026 and Screen 2
7	34	A Cross sectional study on correlation between lead aVR positive finding in ECG of Acute Myocardial infarction patients with coronary angiographic findings admitted in a tertiary care centre	ARULANANDHAN E	10.05.2026 and Screen 2
8	35	Assessment of Incidence and Severity of Cardio Toxicity of Chemotherapeutic Drugs and Methods for its Early Identification	ARULANANDHAN E	10.05.2026 and Screen 2
9	121	Design and Development of an Artificial Intelligence/Machine Learning Algorithm towards the prediction of Critical Events in Postoperative Cardiac Surgical patients	Sushant Konar	10.05.2026 and Screen 1
10	25	Hemodynamic and functional effects of dapagliflozin in adult patients with total cavopulmonary connection: a pilot study	Lamk Kadiyani	10.05.2026 and Screen 1
11	73	Clinical and Echocardiographic Characteristics of Atrial Functional Mitral Regurgitation in Indian Patients: A Case-Control Study	Dr Avishkar Agrawal	10.05.2026 and Screen 2
